

EIPL MODULE

Edition 2

PANEAT パネート®

Made in Japan

PANAPLAST

Lightweight, High-Performance Wall Solution

EDL Module is our collection of high integrity non-flammable melamine boards. Made for walls, EDL Module combines excellent durability with convenience and ease of application.

Applications ↓

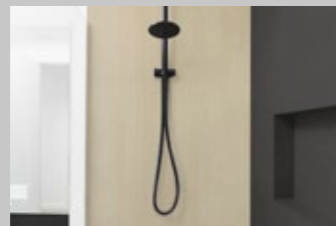

¹ Kitchen backsplash

² Bathroom wall

³ Shower wall

⁴ Lift lobby

⁵ Lift interior

⁶ Hospital

⁷ School

⁸ Restaurant

Quick and Easy Installation

EDL Module can be installed directly over both new and existing walls, without the need for hacking. Its large format and lightweight design offers a hassle-free experience, making it easier to plan, fabricate, and install compared to traditional tiles. The reduced joints not only enhance aesthetics but also simplify maintenance and improve hygiene.

Conventional tiles

EDL Module

Install EDL Module in 3 simple steps

- 1 Apply double-sided tape to the panel
- 2 Add adhesive
- 3 Attach the panel to the wall

High Surface Performance, Low Maintenance

Designed with high-performance properties, EDL Module is suitable for walls around water, heat and stains.

In the kitchen, stubborn oil stains are easy to clean without the concern of grout stains.
